

MUHAMMAD IRFAN RAZA

SOFTWARE ENGINEER

COVER LETTER

✉ irfan.rza65@gmail.com ☎ +92 303 7964735

This letter is to express my interest in your posted job as a Software Engineer. With a Bachelors degree in Computer Science and hands-on personal experience using React Native, Redux and React JS to create and implement Mobile applications and also Web applications. I am confident I will be an asset to your organization.

Your listed requirements closely match my background and skills. A few I would like to highlight that would enable me to contribute to your organization, bottom line are:

- Highly skilled in designing, testing and developing Software
- Thorough understanding of Props and State System
- Hands on experience of React Hooks
- Deep understanding of React Navigation
- Understanding of Redux
- Knowledgeable of Front-End development best practices
- Have hands-on experience of React Components
- Complete understanding of React lifecycle Methods
- Proven track record of proper documentation for future maintenance and upgrades

I have attached a copy of my resume that has details of my projects and personal experience in software development. I can be reached anytime via my cell-phone **+923037964735** or via email at irfan.rza65@gmail.com

Thank you for your time and consideration. I am looking forward to speak with you about this opportunity.

Your Sincerely,

Muhammad Irfan Raza
